#### F. **YOUR RIGHTS REGARDING YOUR IIHI**:

The health and billing records we maintain are the physical property of My MD Direct, PLLC. However, your information in those records belongs to you. You have a right to:

1. **Confidential Communications.** You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to the Privacy Officer, specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate reasonable requests. You do not need to give a reason for your request.
  
2. **Requesting Restrictions.** You have the right to request a restriction in our use or disclosure of your IIHI for treatment, payment or health care operations. Additionally, you have the right to request that we restrict our disclosure of your IIHI to only certain individuals involved in your care or the payment for your care, such as family members and friends. We are not required to agree to your request; however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies, or when the information is necessary to treat you. In order to request a restriction in our use or disclosure of your IIHI, you must make your request in writing to the Privacy Officer. Your request must describe in a clear and concise fashion:
  - the information you wish restricted;
  - whether you are requesting to limit our practice's use, disclosure or both; and
  - to whom you want the limits to apply.
  
3. **Inspection and Copies.** You have the right to inspect and obtain a copy of the IIHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. Your request should specifically state what medical information you want to inspect or copy, and if you would like a paper or electronic record. We will ordinarily act on your request within thirty (30) days of our receipt of your request. Our practice may charge a fee for the costs of copying, mailing, labor and supplies associated with your request. Our practice may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. Another licensed health care professional chosen by us who did not participate in the original decision to deny access will conduct reviews. We will ordinarily act on your request for review within thirty (30) days.
  
4. **Amendment.** You may ask us to amend your health information if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by or for our practice. to inspect and copy; or (d) not created by our practice, unless the individual or entity that created the information is not available to amend the information.

5. **Accounting of Disclosures.** All of our patients have the right to request an “accounting of disclosures.” An “accounting of disclosures” is a list of certain non-routine disclosures our practice has made of your IIHI for non-treatment or operations purposes. Use of your IIHI as part of the routine patient care in our practice is not required to be documented. For example, the doctor sharing information with the nurse. In order to obtain an accounting of disclosures, you must submit your request in writing to the Privacy Officer. All requests for an “accounting of disclosures” must state a time period, which may not be longer than six (6) years from the date you ask. The first list you request within a 12-month period is free of charge, but our practice may charge you a reasonable, cost-based fee for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs. We will ordinarily act on your accounting request within sixty (60) days of your request. We are permitted to extend our response time for a period of up to thirty (30) days if we notify you of the extension. We may temporarily suspend your right to receive an accounting of disclosures of your health information, if required to do so by law.
